Provenance:

The East Central Illinois Health Systems Agency records were donated to the Champaign County Historical Archives.

Access:

These records are accessible to the public within applicable copyright restrictions and limited to use at the Champaign County Historical Archives of The Urbana Free Library.

Historical Note:

The East Central Illinois Health Systems Agency (ECIHSA) was a non-profit corporation organized under the National Health Planning and Resources Development Act of 1974. The ECIHSA served 16 counties in east central Illinois: Champaign, Clark, Coles, Cumberland, Dewitt, Douglas, Edgar, Ford, Iroquois, Livingston, Macon, McClean, Moultrie, Piatt, Shelby, and Vermilion. The counties were then divided into 5 sub-areas to better serve the public. The 30-member board worked to improve the health care systems of the area. They specifically focused on acute care, ambulatory care, long-term care, and mental health services. After gathering and analyzing information about the health-care systems in their areas, the ECIHSA would then create implementation plans to work toward a desired health system. They were not directly action-oriented; however, their work led to positive action by stimulating community action, providing information and counsel to healthcare providers and agencies to develop and improve programs, and examining the need for new services and facilities.

Scope and Content Note:

The East Central Illinois Health Systems Agency records include annual implementation plans from 1979-1985, a 1986 draft of the annual implementation plan, an application for continued designation in 1985, and a 1984 published Health Systems Plan.

Arrangement:

The records are arranged alphabetically by folder.

Subject Terms:

Health systems agencies
Nonprofit organizations
