Stephen Storch Photography Collection  
Photographic Materials, 1973-2001

Collection 344

## Champaign County Historical Archives

**Compiled by:** Sara Bennett, 2023

**Creator/Corporate Name:** Stephen Storch

**Inclusive Dates:** 1973-2001

**Physical Description:** 40 boxes, (26 linear ft.)

**Language:** English

### **Provenance:**

The Stephen Storch Photography Collection was donated to the Champaign County Historical Archives in December, 2021 by Storch's son, Joseph Storch.

### **Access:**

These records are accessible to the public within applicable copyright restrictions and limited to use at the Champaign County Historical Archives of The Urbana Free Library.

### **Biographical Note:**

Stephen Storch (1939-2000) was a photographer and physics teacher at Urbana High School. Storch owned and operated Storch Photographic, a photo studio in Champaign, Illinois. Storch and his wife, Nicole Storch, née Dubin (1942-2005) lived in Champaign from 1968 until their deaths. They had two children, Joseph Storch, and Jocelyn Storch. Storch photographed all types of events during his career, including weddings, portraits, family photos, high school senior photos, family events, reunions, and school sports teams. He was known for taking photographs of the local African American community. He was regularly hired as the photographer for the annual Gamma Upsilon Psi debutante ball, "The Cotillion." Storch also photographed many of his African American students at Urbana High School that were dissatisfied with the pictures taken of them for the yearbook. According to Storch's son, Joseph, he set up a photo studio in his classroom and would do portraits for students there.

### **Scope and Content Note:**

This collection contains photographic negatives taken throughout Storch's entire career as a photographer in Champaign from the 1970s to 2000. The photograph's subject matter includes a variety of local people and events. This collection contains multiple negative formats, primarily 6 cm x 6 cm Kodak color film, 35mm film, and a small amount of Fujifilm.

### **Arrangement:**

The collection is arranged into four series: general, weddings, Cotillion debutante ball, and Oversized. Each series is arranged alphabetically by last name, and includes as much information as the original envelopes came with. The general series includes family photos, graduations, b'nai mitzvah, senior photos, and events. The weddings series includes all wedding and wedding related events, and the Cotillion debutante ball includes all negatives taken for and at Cotillion events. Because of the length of the finding aid, the container list is best searched by using Ctrl + F to search for names. When searching for Cotillion participants, be sure to check by participation year, not just the named envelopes.
