Champaign County Extension Services  
Collection

COLLECTION 86

## Champaign County Historical Archives

**Compiled by:** Sarah Lubelski

**Creator/Corporate name:** Champaign County Extension Services Collection

**Inclusive Dates:** 1919-2011 (bulk dates 1924-1940; 1980-1994)

**Physical Description:** 25 boxes: 10 half-vertical; 2 full vertical; and 13 oversized (25.5 linear feet).

**Provenance:**

The Champaign County Extension Services Collection was donated to the Champaign County Historical Archives in multiple installments, including 1996 and 2007.

**Access:**

The records are accessible to the public within applicable copyright restrictions and limited to use at the Champaign County Historical Archives of The Urbana Free Library.

**Biographical/Historical Note:** Cooperative Extension Services were federally organized as part of the land-grant college system under the Smith-Lever Act of 1914. The intent was to provide agricultural and home-economic instruction to individuals not enrolled in universities. The guiding principle which governs Extension services is that a well-organized home can create a better community and world. What began as an opportunity to instruct members on proper food preservation techniques quickly expanded to include other domestic activities such as baking, sewing, gardening, and larger initiatives such as rural electrification. Eventually, the role of women in the home and community became a focus of Extension Organizations at large. This can be seen in the educational focus of Extension work: an emphasis on childhood health and nutrition; improvements in crop production and livestock health; instruction in consumer rights and responsibilities; and implementing technological training for farmers and those living in rural areas.

The first home improvement association in Champaign County was established in 1918; by 1924, twenty Illinois counties had established home bureau organizations. At that time, leaders of various county groups consolidated under the statewide Illinois Home Bureau Federation. They elected officers, drafted a constitution, and established committees to guide the group's work and education focus, which had previously been determined by individual units. In the next 70 years, membership steadily grew to support over 30 groups in towns across Champaign County.

**Scope and Content Note:** This collection contains the Executive Records of Champaign County Homemakers' Extension Association, known at various times as Champaign County Home Bureau (1924-1945), Champaign County Home Economics Extension Services (1946-1989), and Champaign County Homemakers' Extension Association (1991-1994). Other materials include photographs and scrapbooks, which collect ephemera, program materials, and news clippings about Extension services at the international, national, regional, and local levels, documenting the organization's work over time.

**Arrangement:** Series 1 is the collected Administrative and Financial Materials of the Champaign County Executive Board and Council. As noted in the Executive Council Minute book, previously, Council

## Champaign County Extension Services

### Collection

COLLECTION 86

minutes were appended onto Board minutes. Early pamphlets about the organization indicated that the "Advisory Council" was comprised of the Executive Board plus the chairman from each unit. Therefore, the Council is merely an enlarged version of the Executive Board with slightly different responsibilities. Thus, the Board and Council minutes are filed together. Typed Executive Council Minutes are interfiled with the Board Minutes until October 1973, then are continued in the bound volume in Box 3. Typed meeting notes include monthly and annual financial statements and advisers' reports, and are not always in chronological order. Executive Board Minutes (1980-1985) and Annual Meeting Minutes (1989) may be final versions of the Board's minutes (and financial statements) from 1980-1985. These were found with the Executive Board Minutes (1989-1994) in a separate location from the other records in this series. They are denoted with an asterisk (\*) and are located in Box 4.

Series 2 are materials related to Club activities at the County level. Much of the material in this series is ephemeral in nature, and includes award certificates, newspaper clippings, meeting programs, and informational fliers.

Series 3 collects the records and materials of the Unit groups in Champaign County. This includes meeting minutes, yearly program booklets, and scrapbooks. When possible, scrapbooks have been placed in folders in half-vertical boxes along with other Unit materials; the majority are located in oversized boxes and are very delicate.

Series 4 is a collection of photographs. A listing of identified individuals noted on the photographs can be found as an appendix to this finding aid.

### Subjects Terms:

Champaign County Cooperative Extension Service  
4-H Club (Champaign-Urbana, Ill.) -- History  
Home economics -- Study and teaching  
Women -- Societies and clubs--Champaign County

### Names:
